AMERICAN ORIGINAL CRISPY BITES

Since 1978 Sea Watch has been producing value added seafood products dominated by clams as the primary protein. With the advancement of our capabilities new opportunities have arisen to utilize other proteins in value added products. In order to accommodate the use of other proteins we are now **USDA** certified. Our new Crispy Bite product line is the culmination of using our capabilities to produce unique product offerings to address the growth in small plates, broader appetizer offerings and portable foods.

Sea Watch is open to customized bite formulas (volume dependent), we have plenty of suggested formulas for you to choose from or to inspire your creativity. Formulas meet all day parts; **breakfast, lunch, snacks, dinner and dessert.**
